About Us.

Welcome to Eduvos.

Voted South Africa's best private higher education provider for three consecutive years, we are proud to offer affordable, quality higher education that empowers students. With 12 campuses nationwide, we provide over 20 accredited qualifications, which are internationally recognised. Our faculties include Applied Science, Commerce, Humanities, Information Technology, and Law.

We know what it takes to succeed in today's world of work. Our modes of learning and Work-Integrated Learning (WIL) programmes ensure our students not only receive a qualification fit for the future, but also gain industry experience.

Our students graduate with confidence and are equipped with the skills and knowledge to succeed in their dream careers.

Your future starts here. Be part of Eduvos today.

"From day one, I felt seen.
The personalised support, the real-world learning, and the bursary I received shaped not just my studies, but who I am today."

Robert Hindle, Alum
Bachelor of Science in Computer Science

eduvos.com

A Welcome From Our CEO.

Eduvos is proud to be part of your educational journey. Our mission goes beyond delivering a strong academic foundation; we are committed to nurturing personal growth and preparing you for a future that is not only successful but deeply meaningful.

In today's fast-changing world, it's important to develop future-fit graduates with the skills to navigate complexity, adapt with confidence, thrive in a digital-first world, and succeed in the world of work.

As we reflect on being voted the best Private Higher Education Provider in South Africa for the third consecutive year by PMR.africa, we remain driven by our mission of shaping potential, student by student, towards Africa's prosperity.

Our accredited, industry-relevant qualifications are designed with a holistic approach that includes hybrid learning, real-world industry connections, and comprehensive support for student wellness and psychosocial development. Beyond the classroom, students participate in sports and clubs that strengthen leadership, teamwork, and community.

By choosing Eduvos, you choose an education that prepares you not just for a career, but for leadership in your community and contribution to our beautiful continent.

We invite students from across Africa to make Eduvos their first choice for higher education.

Yours in learning,

Siegie Brownlee
CEO, Eduvos

Our History.

Eduvos has a rich history in higher education, spanning over 46 years.

1979

The Computer Training Institute (CTI) was founded and later partnered with Midrand Graduate Institute (MGI), marking the beginning of a significant presence in South Africa's higher education landscape.

2011

CTI and MGI merged to form the Pearson Institute of Higher Education (PIHE), establishing a credible institution with high standards and a broad footprint in private higher education across the country.

2021

PIHE was acquired by a consortium led by EXEO Capital and Stellenbosch Graduate Institute, and was subsequently rebranded and registered as Eduvos, carrying its legacy into a new era of private higher education.

Our Purpose and Values.

We are driven by our mission of shaping potential, student by student, towards Africa's prosperity.

Our values guide how we operate. We believe that by living our values, we will achieve our vision of becoming a thriving African meta-university combining scale, quality, culture, and impact.

We show up with
Humanness

We contribute by driving
Relevance

We learn and grow by taking
Accountability

We think and act with
Entrepreneurial Spirit

Our Accolades.

Eduvos is accredited by the British Accreditation Council (BAC), placing us among Africa's leading institutions that meet international education standards. This global recognition affirms the quality of our programmes and our commitment to preparing students for success in an interconnected world.

We are also proud recipients of PMR.africa's Diamond Arrow Award for the Best Private Higher Education Provider in South Africa in 2023, 2024, and 2025. This award, voted for by leaders across business and government who employ graduates from private higher education institutions, reflects our track record in producing industry-ready graduates who demonstrate excellence, innovation, and leadership.

Eduvos has also been named one of South Africa's Top 10 fastest-growing companies by Insights Success Magazine and CIO World. In addition, we have been honoured with CompTIA's Growth Partner of the Year 2025 Award and a Platinum Partner Recognition Certificate. This is a proud achievement for our Faculty of Information Technology and a reflection of our commitment to excellence and innovation.

Together, these accolades position Eduvos as a transformative force in higher education, dedicated to shaping potential and adapting to the dynamic landscape of global education and workforce demands.

Accredited Private Higher Education.

As a degree-conferring and certificate-awarding institution, Eduvos proudly offers accredited and registered qualifications in line with the regulatory requirements set out by the Department of Higher Education and Training (DHET).

Eduvos is a registered private higher education institution with the DHET under the Higher Education Act No. 101 of 1997, with registration certificate number 2001/HE07/008. Our qualifications are accredited by the Higher Education Quality Committee (HEQC) of the Council on Higher Education (CHE), ensuring they are quality-assured and peer-reviewed.

Our qualifications are registered on the National Qualifications Framework (NQF) by the South African Qualifications Authority (SAQA). Eduvos is also accredited by the British Accreditation Council (BAC), further reinforcing the international recognition and quality of our qualifications.

All Eduvos programmes are delivered in English, the primary language of instruction across our campuses and online platforms. This ensures consistency, international recognition, and accessibility for students from diverse backgrounds.

Our faculties are endorsed by, members of, or partnered with the following:

Faculty of Applied Science:

- African Institute of Medical Scientists (AIMS)

Faculty of Commerce:

- Association of Chartered Certified Accountants (ACCA) (Eduvos Midrand is an approved exam centre for ACCA computer-based exams)
- Cape Town Tourism (CTT)
- Chartered Institute of Management Accountants (CIMA)
- The Institute of Accountants and Bookkeepers (IAB)
- The Marketing Association of South Africa (MASA)
- South African Board for People Practices (SABPP)
- South African Institute of Chartered Accountants Associate General Accountant (SAICA AGA (SA)) - Undergraduate Programme
- South African Institute of Chartered Accountants (SAICA CA (SA)) - Postgraduate Programme
- The South African Institute of Professional Accountants (SAIPA)

Where applicable, students can also earn microcredentials, including Sage Payroll and Pastel, Airfares and Ticketing (Certificate in Domestic Fares and Ticketing), and Global Distribution Systems (Certified Galileo Reservations).

Faculty of Law:

- South African University Law Clinics Association (SAULCA)
- Southern African Law Teachers Association (SALTA)

Faculty of Humanities:

- English Academy of Southern Africa (EASA)
- Design Education Forum of Southern Africa (DEFSA)
- Health Professions Council of South Africa (HPCSA)
- Public Relations Institute of Southern Africa (PRISA)
- South African Communications Association (SACOMM)
- South African Depression and Anxiety Group (SADAG)

Faculty of Information Technology:

- Amazon Web Services (AWS) Academy
- The Computing Technology Industry Association (CompTIA) (Growth Partner of the Year 2025 Award and Platinum Partner)
- Institute of Chartered IT Professionals (ICITP)
- The Institute of Information Technology Professionals South Africa (IITPSA)
- Integrated Electronics (Intel) Corporation
- SAS Institute
- South African Artificial Intelligence Association (SAAIA)

Where applicable, students enrolled in certain IT qualifications have the opportunity to earn industry-recognised certifications from AWS Academy, CompTIA, SAS Institute, and Intel Corporation, as well as the opportunity to become members of IITPSA, ICITP, and SAAIA.

Funding and External Bursaries.

Financial circumstances should never stand in the way of your potential. That's why Eduvos partners with leading organisations across South Africa to provide financial support for both prospective and current students. In addition to these funding partnerships, we also collaborate with external companies, trusts, and organisations to offer a wide range of bursary opportunities to our students.

Our trusted partners include:

ABSA | absa.co.za

ABSA's study loan offers affordable access to funds at a low interest rate, either for yourself, or for someone whose studies you wish to help finance.

Capitec Education Finance | capiteceducationfinance.co.za

Unlock your potential with an education term loan from Capitec Education Finance, in association with SmartFunder. You could access up to R500,000 at a discounted fixed interest rate, with up to 84 months to repay.

Fundi Connect | fundi.co.za

Fundi believes that the more you know, the more you can achieve. Their loans cover registration, tuition fees, outstanding balances, accommodation, laptops, and other study materials, giving you the support needed to pursue your dreams.

Manati | manati.co.za

Manati is committed to affordability and access, offering fixed instalments at low interest rates throughout your studies, so you can focus on achieving your goals.

Student Hero | studenthero.co.za

Student Hero is a free consulting service that helps you compare and apply for funding from major banks and alternative finance providers, all from one platform.

Explore
Funding Options.

"The support I received from the staff at Eduvos really helped me. They were able to obtain a bursary for me, and they showed me that you don't have to rely only on yourself."

Zuko Malangeni, First Year Student
Bachelor of Science in Information Technology, Security and Network Engineering Stream

Why Choose Eduvos?

1 Accredited Qualifications, Internationally Recognised.

We offer over 20 accredited qualifications across 5 future-facing faculties: Applied Science, Commerce, Humanities, Information Technology, and Law.

Our qualifications include bachelor's degrees, higher certificates, honours degrees, postgraduate diplomas, master's degrees, short learning programmes, online short courses, access programmes, and pre-degree foundation programmes.

2 Future-Fit Skills.

We cultivate future-proof skills that impress employers by focusing on student needs, industry trends, and workplace demands. Critical thinking, problem-solving, teamwork, communication, and resilience are just a few of the 21st-century competencies you will develop at Eduvos.

"Being future-fit is about more than knowing how to use technology; it's about how you think, and I learnt that at Eduvos. My lecturers really pushed me to build resilience and adaptability."

Boitumelo Monare, Alum
Bachelor of Arts

3 Hybrid Learning Approach.

Hybrid learning blends the flexibility of online study with the connection of on-campus learning. It equips students with digital literacy, adaptability, and independence skills essential for the modern workplace. With most industries now embracing hybrid work, graduates familiar with virtual collaboration stand out. At Eduvos, this learning model supports accessibility, inclusivity, and employability, allowing students to balance their studies, work, and life while gaining a future-fit education.

4 Committed to Academic Integrity.

Our accomplished team brings a rich blend of academic achievement and industry expertise, including more than 100 doctorate holders. With their guidance, you will gain both knowledge and workplace insight, preparing you to excel in today's world of work.

"The lecturers are incredible.

They genuinely care about us and try to form real connections. They remember our names, engage with us in class, and are always willing to help. Some of them even work in the industry, so their insights are invaluable."

Olivia Olivier, Third Year Student
Bachelor of Commerce in Tourism Management

5 Microsoft 365 Access.

Every student receives a Microsoft Office 365 account, including a vossie.net email address and the full Office Suite (Outlook, Word, Excel, PowerPoint).

You will also gain access to myLMS, our custom learning management system, which supports your academic journey every step of the way.

6 State-of-the-Art Facilities.

At our Midrand, Pretoria, and Tygervalley campuses, we offer state-of-the-art laboratory facilities. Our campuses are designed for the modern world of work, featuring facilities that support both learning and social interaction. You will step into the digital world with access to unlimited online tools. Our campuses feature fully equipped IT and Graphic Design labs, lecture venues, resource centres, and more.

Beyond academics, several campuses also offer sporting facilities that promote balance and well-being, giving students the space to stay active, connect, and thrive both in and outside the classroom.

7 Accessible Admissions. Only at Eduvos.

We make quality higher education accessible with four intakes throughout the year. You can start your studies when it suits you best, be it Block 1, 2, 3, or 4. Grade 11 and Matric learners can pre-enrol early using their most recent results to secure their place. Once final results are released and we receive your school-leaving certificate, enrolment is easily completed.

Eduvos Research.

Real-world impact is the driving force behind the Research Agenda 2023–2027, guided by our mission of "Empowering Sustainable Development in Africa." We believe research must meaningfully improve lives by advancing equity (by addressing systemic barriers and promoting inclusive opportunities), strengthening institutions (through evidence-based policies and capacity building), and enabling sustainable growth (via innovation, entrepreneurship, and environmental stewardship), while shaping graduates who are ready to lead in an innovation-driven world.

In the evolving landscape of higher education, research is important in tackling societal challenges, fostering sustainable development, and enriching curricula that equip students for the future. Eduvos is committed to producing scholarship that moves beyond publication to application. To ensure our work has measurable and lasting value, we align our efforts with the UN Sustainable Development Goals (SDGs), the African Union's Agenda 2063, and the SADC Vision 2050, translating global priorities into local action. In line with this, Eduvos is a proud participant in the Department of Higher Education and Training's University Capacity Development Programme. In partnership with Rhodes University, Mangosuthu University of Technology, and the University of Venda, Eduvos is championing a collaborative project titled Engaged Teaching and Research for Social Impact (2025–2028).

Our agenda champions a transdisciplinary approach that breaks down faculty silos to address complex, interconnected problems. We are technologically responsive, harnessing AI, data science, and emerging technologies responsibly, while critically assessing their social, ethical, and environmental implications. Community engagement is a core practice: we centre inclusive participation, amplify underrepresented voices, and design research that can be translated into policy briefs, white papers, and tools for change.

Together, we are reimagining what research can do for Africa by prioritising ethical collaboration, inclusive community engagement, and future-focused innovation that directly benefits society and prepares graduates for impactful leadership. By keeping real-world impact at the centre, we aim to shape a more just, innovative, and sustainable future for all.

> *"Our research must serve a purpose.*
> It is not enough to produce research for the sake of research and accolades. At Eduvos, our research is dedicated to real-world impact, empowering individuals, communities, and industries. It must be meaningful and seek to drive lasting transformation across Africa."
>
> **Dr Nyx McLean**
> Head of Research and Postgraduate Studies

Research at Eduvos.

Eduvos Embraces AI.

As technology reshapes the world, Eduvos embraces the power of artificial intelligence (AI) to prepare students with the skills needed to succeed.

Our approach to integrating AI into higher education is rooted in ethics, adaptability, and innovation. Faculty and staff are engaging in ongoing discussions about the role of AI in education, while students are building AI literacy through modules that encourage creativity, critical thinking, and responsible use of these tools.

Students are invited to experiment with AI prompts as part of their learning, while also being taught to assess AI-generated content critically. This helps them gain a deeper understanding of both the potential and the limitations of AI in their fields of study.

Beyond the classroom, our academic content writers are exploring emerging technologies such as generative AI to enhance learning materials, always within Eduvos' quality assurance framework and with academic integrity at the core of every process. To strengthen this commitment, we established a dedicated AI committee that includes academic staff, student representatives, support teams, and IT professionals. This committee explores AI's opportunities and risks, and drafts policies to ensure Eduvos remains a leader in shaping responsible, future-fit education.

Our forward-thinking stance on AI has also gained recognition in the media, showcasing Eduvos as a pioneer in future-ready higher education.

Our campuses are conveniently located near major transport routes, restaurants, shops, libraries, and vibrant hotspots, placing you at the centre of lively neighbourhoods. Several campuses also offer transport services with multiple pick-up and drop-off points, helping you travel safely and on time.

Our learning spaces are designed to help you feel supported and empowered, while preparing you for the world of work. Depending on your chosen campus, you will have access to:

- State-of-the-art learning facilities
- Smaller class sizes
- Fully equipped IT, Design, and Science labs*
- Resource centres
- Sporting amenities*
- Employability centres

*Please note that facilities differ across campuses.

Open Days and Application Days.

Join us on selected Saturdays throughout 2026 at any of our 12 campuses nationwide and experience what it means to be a Vossie.

Our Open Days and Application Days are designed to give you an authentic glimpse into campus life and help you make confident decisions about your studies.

Why Attend an Eduvos Open Day?

- **Experience our campuses first-hand:** Take a guided tour of our modern lecture rooms, collaborative spaces, and future-fit labs.
- **Meet our team:** Connect with our Campus General Managers, lecturers, and Higher Education Consultants to learn about your options and how to apply.
- **Explore your study path:** Attend faculty information sessions to discover how our qualifications link to real-world careers and industry needs.
- **Find your home away from home:** Meet our trusted accommodation partners and explore secure, student-focused living spaces.
- **Learn about funding opportunities:** Chat with our funding partners for advice on how to make your studies possible.

Our team will be on hand to guide you through your application, answer your questions, and ensure you leave feeling informed and inspired.

We can't wait to welcome you to our campuses and help you take the first step towards your future.

Modes of Learning.

We understand every student's journey is unique. Through a combination of campus-based and online learning, our hybrid model provides a dynamic, engaging higher education experience that allows you to study in a way that suits your lifestyle and goals.

Modes of learning, or modes of provision, define how students engage with curricula, lecturers, supervisors, and peers, shaping the structure of teaching and learning. Eduvos follows a mixed-mode approach that incorporates both hybrid and distance-based learning, with individual programmes accredited as hybrid, or distance provision, in line with CHE and DHET regulations. Regardless of the mode, all Eduvos academic offerings must maintain the same quality standards, ensuring an active, engaged, and participatory learning experience.

Study
Your Way.

Campus Full-Time (Hybrid Learning)

Students attend synchronous (live) lectures on weekdays at an Eduvos campus. Our hybrid model blends on-campus and online learning, with most undergraduate programmes following a one week on campus, one week online rotation. This alternates between in-person classes and online classes via Microsoft Teams (MS Teams). Students also use myLMS (our online learning platform) for self-directed study and preparation.

At honours level, hybrid full-time programmes are offered at our Midrand campus (subject to minimum numbers), with students attending on-campus lectures every second week or participating fully online via MS Teams.

Online

For students needing flexibility, online includes live lectures on MS Teams. Students use our myLMS portal to access learning materials. Online qualifications are available full-time or part-time. Full-time students enrol for three or four modules per block, while part-time students typically enrol for one or two modules per block.

Full-Time **Part-Time**

Online Full-Time*

As a full-time student, dedicating sufficient time to your studies is essential. Expect a typical workload of at least 120 credits per academic year, which allows for completion of qualifications within the minimum duration: one year for a higher certificate or an honours degree, and three years for a bachelor's degree.

Faculty Offerings

- Commerce (selected qualifications)
- Humanities (selected qualifications)
- Information Technology (selected qualifications)
- Law (selected qualifications)

Online Part-Time*

As a part-time student, your workload will typically involve fewer than 120 credits per academic year, enabling you to complete your qualification over a longer period: two years for a higher certificate or an honours degree and up to five years for a bachelor's degree.

Faculty Offerings

- Commerce
- Humanities
- Information Technology
- Law

Distance

Distance students study at their own pace without mandatory live lectures, but optional consultation sessions with lecturers are available. Students interact via myLMS discussion forums, and recorded lectures can be accessed anytime.

With our Bachelor of Laws (LLB), you can join optional, synchronous national online lectures each week, led by subject matter experts. In addition, optional, campus-based support sessions provide hands-on learning through tutorials and case discussions.

All lectures and sessions are recorded, allowing you to review content at your own pace and reinforce your understanding.

Full-Time **Part-Time**

Faculty Offerings

- Commerce (selected qualifications)
- Law (selected qualifications)

*Our online lectures are offered in accordance with the concession of the CHE for programmes accredited for the contact mode of provisioning to continue to be offered through remote, online, distance, and/or blended modes of provisioning.

Modes of Learning.

Academic Calendar and Four-Block Model

Our academic year is divided into four blocks, allowing students to focus on fewer modules at a time to support stronger academic performance. Each block includes seven lecture weeks, followed by an assessment period. Before lectures commence (week zero), students are required to engage with course content on myLMS. Supplementary assessments are scheduled either before or after the next block, in line with the academic calendar. You can start your studies in any of our block intakes.

> *"The smaller classroom effect* is what makes Eduvos different, and the fact that they do hybrid learning, one week in person, one week online. But for me, what really makes the difference is that they actually care."
>
> **Calista Van Heerden, First Year Student**
> Higher Certificate in Business Management

Start Anytime

With our Start Anytime option, you don't need to wait for the next intake to begin your studies. This flexible enrolment pathway is available for a range of programmes, giving you the freedom to get started right away.

If you miss an enrolment deadline, you can begin immediately with a foundational, self-directed, credit-bearing module. The module combines recorded lectures with live weekly Q&A sessions, so you can learn at your own pace while still receiving personal academic support.

After completing the module, you will move seamlessly into your main academic block, following the four-block model in your chosen mode of learning.

Faculties and Qualifications.

Admission requirements
Refer to pages 25-33 for admission requirements.

Access Programmes.

Our Access Programmes provide alternative admission routes, equipping you with the foundational knowledge and skills needed to progress to a bachelor's degree.

- Bachelor of Arts Access Programme (Humanities)
- Bachelor of Commerce Access Programme (Accounting)
- Bachelor of Science Access Programme (Information Technology)
- Bachelor of Science Access Programme (Science)

These programmes are designed for students who have obtained a bachelor's pass or an equivalent qualification but do not meet the subject requirements of their chosen degree programme.
Upon successful completion, you will qualify to enrol for an Eduvos degree.

Pre-degree Foundation Programmes.

If you did not achieve a bachelor's pass in your matric results, you still have a pathway to success at Eduvos. Our pre-degree programmes are tailored to help you build the skills and foundational knowledge required to progress into a degree.

Upon successful completion, you will qualify to enrol for an Eduvos degree.

- Pre-degree Foundation Programme (Commerce and Law)
- Pre-degree Foundation Programme (Graphic Design)
- Pre-degree Foundation Programme (Information Technology)
- Pre-degree Foundation Programme (Science)
- Pre-degree Foundation Programme (Social Science)

*These programmes, approved by the Senate of Eduvos, are not accredited by the Higher Education Quality Committee (HEQC) or registered with the South African Qualifications Authority (SAQA). However, the modules contain the accredited NQF Level 5 modules, which may allow for direct articulation into the full qualifications if admission criteria are met and an application for exemption is approved.

"The foundation programme provided a framework for developing my academic skills. The workshops and feedback sessions were instrumental in refining my ability to articulate my thoughts clearly and persuasively."

Thomas Mamabolo, Alum
Pre-degree Foundation Programme (Social Science) & Bachelor of Arts, Psychology and Political Science Stream

Faculty of Applied Science.

Admission requirements

Refer to pages 25-33 for admission requirements.

The Faculty of Applied Science pushes the boundaries of discovery and innovation. With a focus on biotechnology, healthcare, and research, you will gain knowledge and practical skills to transform industries and contribute to solutions that shape the future.

- Technical Support*

> *"I got to turn my passion for coding and robotics into real projects.*
> I even built the E-bot, a robot designed to teach robotics to students from primary school to tertiary studies. That hands-on experience showed me how IT isn't just theory; it's about creating things that inspire others to want to learn."
>
> **Robert Njawaya, Alum**
> Bachelor of Science in Computer Science & Bachelor of Science Honours in Information Technology, Robotics Stream

Experience IT with Robert.

*These Short Learning Programmes are not accredited by the HEQC or registered with SAQA. However, they include NQF Level 5 modules that may allow for direct articulation into full qualifications, subject to admission criteria and exemption approval.

Faculty of Law.

Admission requirements

Refer to pages 25-33 for admission requirements.

The Faculty of Law prepares you for a career in law, business, politics, or economics. Through a strong foundation in legal principles and practical application, you will gain the skills and confidence to navigate complex legal landscapes and make an impact in society.

Qualifications

Bachelor of Arts
SAQA ID 120745 NQF Level 7
Streams:

- Law and Economics
- Law and Politics

Bachelor of Laws (LLB)
SAQA ID 123430 NQF Level 8

Master of Laws in Commercial Law (LLM)
SAQA ID 124714 NQF Level 9

Bachelor of Commerce in Law
SAQA ID 120724 NQF Level 7

Eduvos Law Clinic.

The Eduvos Law Clinic at our Midrand campus is where theory meets practice. As part of our Work-Integrated Learning (WIL) requirement, the clinic gives law students practical, supervised experience in a professional setting while serving the community. Whether you are completing a BA in Law and Economics or Law and Politics stream, a BCom in Law, or an LLB, the clinic offers real-world exposure that strengthens your CV, builds professionalism, and fosters the ethical responsibility of serving others through law.

Students gain firsthand insight into how the law functions in everyday life by working directly with clients, preparing legal documents, and assisting in real cases. Guided by qualified and admitted attorneys, they support matters in family law, labour law, and consumer law, as well as drafting wills and providing free legal assistance to community members who cannot afford private representation.

> *"I've had the chance to join our campus law society,* which takes us into the Master's Office, the High Court, and magistrates' courts. Studying law has changed the way I think about the world. There's no black and white, no simple right or wrong."
>

with Cara.

Admission Requirements.

South African Senior Certificates achieved prior to 2008.

If you did not meet the minimum statutory matriculation requirements for admission to a bachelor's degree, please contact one of our Higher Education Consultants to explore alternative admission pathways.

South African National Senior Certificates achieved after 2008.

Minimum admission requirements for undergraduate degrees:

- You must pass at least six out of seven subjects with a minimum of:
  - 40% or Level 3 for your Home Language;
  - 50% or Level 4 for four other high credit subjects (excluding Life Orientation);
  - 30% or Level 2 for two other subjects.
- Alternatively, an endorsement on your NSC may grant you admission into a higher certificate or foundation programme.

National Certificate Vocational (Level 4) admission requirements.

For admission into a higher certificate or foundation programme:

- You must pass seven subjects by achieving a minimum of:
  - 40% in English Home Language;
  - 30% minimum in Mathematics/Mathematical Literacy;
  - 40% in Life Orientation;
  - 50% in each of your four vocational subjects.

For admission into a bachelor's degree:

- You must have achieved a minimum of 60% in three fundamental subjects (English, Mathematics, Mathematical Literacy, or Technical Mathematics, and Life Orientation).
- You must have a minimum of 70% in the four Vocational subjects, chosen from the NC(V) registered subject list.

The NC(V) Level 4 subjects must relate to the degree for which you intend to enrol.

General Requirements.

QUALIFICATION	MINIMUM ADMISSION REQUIREMENTS
Access Programme	· Bachelor's pass or equivalent; · or Certificate of Evaluation on a minimum NQF Level 4 for foreign qualifications issued by SAQA; · or a letter or certificate confirming an exemption from Universities South Africa (USAf) for any other school-leaving results; · or completion of National N Diploma (TVET); · or completion of any recognised qualification on a minimum of NQF Level 5 with at least 120 credits; · or N4 and N5 certificates that are relevant and completed (Vocational); · or Recognition of Prior Learning (work experience-based).
Pre-degree Foundation Programme	· South African National Senior Certificate (NSC) with a bachelor's, diploma, or higher certificate pass; · or a National Certificate (Vocational) Level 4 issued by the Council of General and Further Education and Training with a bachelor's, diploma, or higher certificate pass; · or a Certificate of Evaluation on a minimum NQF Level 4 for foreign qualifications issued by SAQA; · or a letter or certificate confirming an exemption from Universities South Africa (USAf) for any other school-leaving results; · 40% or above for Grade 12 or equivalent in English as a Home Language or First Additional Language.
Higher Certificate	· South African National Senior Certificate (NSC) with a bachelor's, diploma, or higher certificate pass; · or a National Certificate (Vocational) Level 4 issued by the Council of General and Further Education and Training with a bachelor's, diploma, or higher certificate pass; · or a Certificate of Evaluation on a minimum NQF Level 4 for foreign qualifications issued by SAQA; · or a letter or certificate confirming an exemption from Universities South Africa (USAf) for any other school-leaving results; · or completion of a bachelor's degree, diploma, higher certificate, or equivalent.
Bachelor's Degree	· South African National Senior Certificate (NSC) with a bachelor's pass; · or National Certificate (Vocational) Level 4 issued by the Council of General and Further Education and Training with a bachelor's pass; · or letter or certificate confirming an exemption from Universities South Africa (USAf) for any other school-leaving results; · or completion of a bachelor's degree; · or completion of the relevant foundation programme along with a letter or certificate of exemption from Universities South Africa (USAf); · or completion of a relevant higher certificate; · or completion of the Eduvos access programmes.
Honours Degree	· A recognised undergraduate degree or equivalent for the specific honours degree; · or a Certificate of Evaluation on a minimum NQF Level 7 for foreign qualifications issued by SAQA. If you don't meet the stipulated subject requirements, you may still qualify through an alternative admission path. This may require submitting the module outlines of the subjects you've already completed for assessment.
Online Short Courses	For SETA-accredited programmes, Matric and/or an NQF Level 4 equivalent competency in English and Numeracy: · South African National Senior Certificate (NSC) with a bachelor's pass; · or a letter or certificate confirming an exemption from Universities South Africa (USAf) for any other school-leaving results.
Short Learning Programmes	· South African National Senior Certificate (NSC) with a bachelor's, diploma, or higher certificate pass; · or a National Certificate (Vocational) Level 4 issued by the Council of General and Further Education and Training with a bachelor's, diploma, or higher certificate pass; · or a Certificate of Evaluation on a minimum NQF Level 4 for foreign qualifications issued by SAQA; · or a letter or certificate confirming an exemption from Universities South Africa (USAf) for any other school-leaving results; · or completion of a bachelor's degree, diploma, higher certificate, or equivalent.

Additional Admission Requirements

for Eduvos Qualifications and Programmes:

QUALIFICATION	ADDITIONAL ADMISSION REQUIREMENTS
Access Programme (Accounting)	· Mathematics below 45%
Access Programme (Humanities)	· English Language between 30% and 49% · Mathematical Literacy between 30% - 49%* *Applicable to streams with Economics as area of specialisation.

QUALIFICATION	ADDITIONAL ADMISSION REQUIREMENTS
Access Programme (Information Technology)	• Mathematics below 30% or Mathematical Literacy below 50%
Access Programme (Science)	Any of the following: • English Language between 40% and 49% in Grade 12 or equivalent • No Physical Science on NSC Grade 12 or equivalent • Physical Science below 50% on NSC Grade 12 or equivalent • Mathematics between 30% and 49% on NSC Grade 12 or equivalent • Mathematical Literacy equal to or above 50% on NSC Grade 12 or equivalent • Life Sciences/Biology between 30% and 49% on NSC Grade 12 or equivalent
Pre-degree Foundation Programme (Commerce and Social Science)	• 30% or above for Grade 12 Mathematics, Mathematical Literacy, or Technical Mathematics
Pre-degree Foundation Programme (Science and IT)	• 30% or above for Grade 12 or equivalent Mathematics
Higher Certificate in Bioscience	• A minimum of 40% for Grade 12 or equivalent English Language • A minimum of 40% for Grade 12 or equivalent Mathematics • Or 50% in Mathematical Literacy
Bachelor of Arts	• 50% or above for Grade 12 English or equivalent A student with Mathematical Literacy (50% or more) must enrol for and complete Introduction to Mathematics A and Mathematics for Degree Studies B (Commerce).* A student with Mathematics (less than 50% but greater than or equal to 30%) must enrol for Mathematics and complete Degree Studies B (Commerce).* *Applicable to the Law and Economics and Politics, Philosophy, and Economics streams.
Bachelor of Laws (LLB)	• 50% or above for Grade 12 English or equivalent.
BCom in Accounting	• 50% or above for Grade 12 Mathematics or equivalent An applicant with less than 50% but greater than or equal to 45% in Grade 12 or equivalent Mathematics is required to enrol for and complete Introduction to Mathematics (FPBMA0) and Mathematics for Degree Studies B Commerce (FPMCA0) before being admitted into second year.
BSc in Biomedicine BSc in Biotechnology Management	A minimum of 50% in all the following Grade 12 or equivalent subjects*: • English Language • Mathematics • Biology/Life Sciences • Physical Science * Requirements not applicable for completion of Foundation Programme and Access Programme. Any prospective student who does not meet the minimum requirements for admission in key subjects such as Physical Science, Life Sciences/Biology, and/or Mathematics, will need to enrol for and successfully complete the Bachelor of Science Access Programme (Science) to gain admission to any of the Applied Science bachelor's degree qualifications. This programme extends to a maximum of 2 Blocks (6 months). Please consult your Higher Education Consultant for additional information regarding the fees for the Access Programme (Science).
BSc in Computer Science	• 50% or above for Grade 12 English • 50% or above for Grade 12 Mathematics* *A student with Mathematics (less than 50% but greater than or equal to 40%) is required to register for and complete Maths for Computing (ITMCA0) before attempting Mathematics 1A (ITMTA1).

QUALIFICATION	ADDITIONAL ADMISSION REQUIREMENTS
BSc in Information Technology All Streams	· 50% or above for Grade 12 Mathematics* *A student with Mathematical Literacy (50% or more) or with Mathematics (less than 50%, but greater than or equal to 30%) is required to register for and complete Maths for Computing (ITMCA0) before attempting Mathematics 1A (ITMTA1)
BCom Honours in Business Management	· The specific undergraduate qualification must include Business Management or equivalent in the third year of undergraduate studies · The specific undergraduate qualification must include the following modules at least in the first year: Accounting, Economics, and Statistics · Alternatively, the Recognition of Prior Learning can be considered for access
BA Honours in Graphic Design	· Non-graduates: Design practitioners without an academic qualification will be eligible to apply subject to appropriate evaluation procedures based on Recognition of Prior Learning policies · All applicants are required to complete an entrance challenge comprising a detailed letter of intent, an interview, and a portfolio
BSc Honours in Information Technology, Data Science Stream	The specific undergraduate qualification should preferentially include, but not be limited to, these modules or their equivalents: · Python for Data Science · Machine Learning Algorithms · Database Systems Design, Implementation, and Management
BSc Honours in Information Technology, Robotics Stream	The specific undergraduate qualification should preferentially include, but not be limited to, these modules or their equivalents: · Python for Data Science · Machine Learning Algorithms · Database Systems Design, Implementation, and Management
BSc Honours in Information Technology, Security and Network Engineering Stream	The specific undergraduate qualification should preferentially include, but not be limited to, these modules or their equivalents: · Network Security · Advanced Networking · Database Systems Design, Implementation, and Management
BSc Honours in Information Technology, Software Engineering Stream	The specific undergraduate qualification should preferentially include, but not be limited to, these modules or their equivalents: · Programming in Java, C#, or Python · Software Process, Architecture Design, and Quality Assurance · Database Systems Design, Implementation, and Management
Bridging Programme in Advanced Accounting	· Bachelor of Commerce in Accounting or Internal Auditing · Or equivalent Adv.Dip, BTech, or BAcc in Accounting or Internal Auditing · Or PGDip or BCom Honours in Management Accounting & Financial Management · Accounting and Financial Management at NQF Level 7, and at least two of: Management Accounting, Auditing, or Taxation at NQF Level 6 Students with a National Diploma in Accounting or Auditing, or a BCom in Financial Management or any other qualification should discuss the alternative study paths with your dedicated Eduvos Higher Education Consultant.
Postgraduate Diploma in Accounting	· A SAICA CA(SA) accredited BCom in Accounting or equivalent Advanced Diploma in Accounting (AdvDip Acc) or Bachelor of Accounting (BAcc) · Or a Certificate of Evaluation on a minimum NQF Level 7 for the relevant foreign qualification issued by SAQA · Or successful completion of the Eduvos Bridging Programme in Advanced Accounting or another bridging programme Note: Students who have completed a SAICA AGA(SA) or other non-accredited BCom in Accounting, Internal Auditing, or Financial Management should apply for the short learning Bridging Programme in Advanced Accounting, which grants entry to the SAICA Accredited PGDA (CTA2).
Master of Laws in Commercial Law (LLM)	· A recognised Bachelor of Laws (LLB) · Or a Postgraduate Diploma in Law at NQF Level 8

Additional Admissions Information.

GED and American High School Diploma.

A holder of a General Educational Development (GED) test, a High School Diploma, or an American High School Diploma, which is offered through distance learning, often via Switched on Education or the Lighthouse Christian Academy, may gain admission in either a higher certificate, a pre-degree programme, an access programme, or a bachelor's degree.

Bachelor's degree
- Minimum required SAT Composite score as confirmed by Universities South Africa (USAf), including the sub-minimum of Evidence in Reading and Writing and Mathematics
- A letter or certificate of exemption from USAf is required

Access programme
- SAT Composite Score between 1030 and 1129
- Only the SAT score is required

Higher certificate or pre-degree foundation programme
- SAT Composite Score below 1030 or the student did not take the SAT
- A certificate of evaluation from SAQA is required

Please contact one of our Higher Education Consultants for further information and assistance.

Independent Examination Board: International Secondary Certificate (ISC).

- A holder of an IEB ISC would qualify for admission into either higher certificate, pre-degree foundation programme, access programme, or bachelor's degree
- A letter or certificate confirming an exemption (Senate Discretionary exemption) from Universities South Africa (USAf) will be required for admission into an access programme or bachelor's degree

Cambridge Assessment International Education.

A holder of a Cambridge qualification would qualify for either a higher certificate, a pre-degree foundation programme, or a bachelor's degree depending on:

- The recognised subjects completed
- The number of sittings
- The combination of subjects and their groupings
- The subjects passed at the required level (Ordinary, Advanced Subsidiary, and/or Advanced Level)

Please visit eduvos.com for more information.

Mature Age Exemption

Prospective students who do not meet the bachelor's requirements and who will be turning 23 years or older in their first year of registration may be considered.

Recognition of Prior Learning (RPL) for Access

Eduvos recognises that even if you do not hold a qualification obtained through formal studies, the knowledge and experience you have gained through non-formal or informal learning can be recognised and assessed as an alternative path to admission. Scan the QR code for guidance on how to begin the RPL process.

Credit Accumulation Transfer (CAT)

Eduvos welcomes students who wish to transfer from other institutions and complete their studies with us. Please visit eduvos.com for guidance on how to apply for the CAT process.

International Qualifications and Students

Our International Office provides guidance and support to all students with international qualifications and/or any student requiring a visa/permit to conduct studies within South Africa.
For further assistance in admission and immigration requirements, scan the QR code or email:
international.office@eduvos.com

Student Affairs and Student Support.

Your journey at Eduvos is about more than academics; it's about growth, well-being, and preparing for life beyond graduation. Our student support initiatives are designed to empower you at every stage, from enrolment to graduation, ensuring you feel connected, capable, and ready for the future.

We focus on your whole experience: academic excellence, personal well-being, and career readiness. With personalised coaching, wellness resources, and career development tools, we help you thrive both on campus and in life. Driven by our values of inclusivity, access, and quality, we partner with student affairs professionals and community organisations to enrich the student experience and create meaningful impact in the communities we serve.

Your Student Affairs Advisor

Every Vossie is paired with a dedicated Student Affairs Advisor (SAA) who becomes your guide, mentor, and cheerleader throughout your time at Eduvos. Your SAA checks in on your progress, connects you to academic, wellness, or financial support, and keeps you involved in campus life through regular updates, workshops, and events. Most importantly, they are there to listen, encourage, and celebrate your achievements while helping you navigate challenges.

Student Orientation and Induction.

Your Eduvos experience begins even before classes start. Pre-Orientation Workshops introduce you to myLMS, the student portal, and the digital tools you will use every day. Orientation and Induction then welcome you into campus life with practical sessions on student support, key processes, and how to get the most out of our platforms.

For both new and returning students at undergraduate and postgraduate levels, we also offer readiness sessions early in the block. These sessions boost confidence through academic English and communication support, digital and information literacy, and refreshers in core subject knowledge.

Student Representative Council (SRC).

Your voice matters at Eduvos. Every campus has a Student Representative Council (SRC), while the National SRC connects Vossies across the country to champion student needs and drive initiatives that make a difference. Serving on the SRC is more than representation. It's an opportunity to develop leadership skills through training, mentoring, and hands-on experience.

Student Accommodations and Concessions.

We are committed to creating a truly inclusive learning environment where every student is supported and valued. We recognise that students have different learning needs and may face unique challenges. Where applicable, we offer appropriate concessions and adjustments to ensure that all students have a fair opportunity to succeed.

If you have any Special Educational Needs (SEN) and require a concession or accommodation, our Inclusivity Office is here to help. You can email inclusion@eduvos.com to submit your documentation and outline your needs. This process allows us to make the necessary arrangements so you can fully engage with your academic pathway.

Student Wellness.

Your well-being is a top priority at Eduvos. We care about more than just your academic performance;
we are committed to supporting every part of your student life. Our free support services cover physical, emotional, and mental health, with access to professional counselling, health programmes, and wellness activities that are easy to use and available when you need them.
We are dedicated to creating an environment where you feel supported, capable, and motivated. Our wellness programmes are designed to help you manage stress, stay healthy, and maintain a balanced lifestyle that supports your studies and your personal development.

Our wellness initiatives include:

- Wellness events, webinars, and workshops on practical life skills and coping strategies
- Student-led campaigns and peer support networks
- Emotional support training for staff and students
- Wellness Ambassadors and the Peer Enrichment Programme (PEP), offering student-to-student guidance

We are proud to partner with the South African Depression and Anxiety Group (SADAG) to offer free, confidential mental health support to all students. Students may access support by calling the Eduvos 24-hour student helpline on 0800 008 206 or by messaging the *HAVE HOPE* WhatsApp chatline on 087 163 2025 (available 8 am – 5 pm). In addition, our recent collaboration with Virgin Active gives Vossies and alumni access to exclusive gym discounts, helping you stay active and maintain a healthy routine alongside your studies.

Student Social Houses.

Social Houses are student-led communities that give you an immediate sense of belonging. When you enrol, you are welcomed into one of six houses that bring together Vossies from all faculties and backgrounds.
Social Houses are about friendship, collaboration, and leadership. They create opportunities to participate in cultural activities, academic enrichment, community projects, wellness initiatives, and peer mentoring. Each house builds a vibrant network that spans campuses and online, ensuring every Vossie has a place to belong, contribute, and thrive.

Discover Student Wellness at Eduvos.

Clubs, Societies, and Sports.

Get involved in campus life and make the most of your Eduvos experience by joining one of our many clubs, societies, or leadership programmes. Each campus offers a range of opportunities to suit your interests and goals.

From academic groups like BioCom to sports teams such as netball, soccer, and rugby, there is something for everyone*. Explore your creativity in the choir, test your strategy in the chess club, or build your confidence in the debate society.

*Please note, the availability of clubs and societies may vary, so check with your local campus. Eduvos provides basic sports facilities and equipment on some campuses. Where facilities are limited, we work with trusted partners to give you access to quality venues and equipment.

Sports at Eduvos.

Students across our campuses participate in a wide range of sports, including netball, basketball, rugby, and soccer. Our campus teams regularly compete against other institutions and have achieved strong results. Sport at Eduvos goes beyond competition. Intercampus games, internal finals, and friendly matches give students space to collaborate, stay active, and gain confidence.

Through sport, Eduvos empowers students to lead balanced, healthy, and connected lives. The lessons learned on the field help build the resilience, discipline, and teamwork that contribute to academic achievement and long-term career success.

> *"When our ladies' soccer team started,*
> we were just a few players. Now it's become something big, and it has shown me how much sport builds confidence, connection, and pride."
>
> **Thabiso Melato, Third Year Student**
> Bachelor of Science in Information Technology, Software Engineering Stream

Experience Sports with Thabiso.

Esports at Eduvos.

We create space for students to explore their passions, including those rooted in gaming and digital creativity. Our Esports League, developed in partnership with RGB Gaming, brings together students who enjoy competitive play, strategic thinking, and community building. This subscription-based league is designed to connect like-minded gamers, encourage teamwork, and promote skill development through fun, structured competition.

All participants are welcome to join their campus league, regardless of their faculty. Participants can compete in inter-campus tournaments and may even represent Eduvos at major events such as Comic Con. Beyond gameplay, students develop valuable competencies like collaboration, leadership, and problem-solving, all of which support both academic performance and personal growth.

Experience
the World of
Esports at Eduvos.

"Being part of the Esports team
at Comic Con means a lot to me.
This has been a dream of mine since
I was introduced to the world of Esports.
I could not believe that it finally came true."

Bophelo Nkala, Student
Higher Certificate in Information Systems,
Software Development Stream

Employability at Eduvos.

Your studies at Eduvos are the first step in your professional journey, and our Employability and Work-Readiness Unit (EWRU) is here to help you take the next step. Dedicated to preparing you for today's dynamic global economy, the EWRU empowers you to move confidently from academics into employment.

Through targeted programmes, you will build the skills that matter most: critical thinking, problem-solving, teamwork, and communication, while expanding your professional network and connecting with job opportunities. Strong partnerships with industry leaders, employers, and professional bodies open doors to internships, mentorships, and employment prospects. Our Work-Integrated Learning (WIL) programme also gives you hands-on experience, linking classroom knowledge with real workplace practice.

Explore Work Readiness and Career Services.

To help you stand out in the job market, we host a wide range of initiatives, including:

- Work-readiness workshops
- Career fairs
- Hack jams
- Student showcases
- Industry breakfasts
- Industry field trips
- A virtual employability centre
- CV building and interview skills workshops

Our EWRU staff, together with our academic team, are committed to giving you the skills, opportunities, and confidence to launch your career with purpose.

Tools That Empower You.
We've partnered with Shadowmatch, a powerful tool that helps you understand your habits, strengths, and learning style so that you can thrive academically, personally, and professionally. You'll receive personalised feedback across study strategies, career direction, relationship insights, and personal growth.

You'll also gain access to eLaunched, a smart talent-sourcing platform that connects you with meaningful job opportunities. With their platform, you can:

- Track job openings
- Apply automatically
- Create and download a professional CV
- Access career events and webinars
- Receive real-time insights and industry trends

Student Achievements.

We are so proud of our Vossies. Here are just a few of their remarkable achievements:

- 56 Eduvos students made it through to the 2025 GradStar Top 500, ranking Eduvos among the top 3 higher education institutions in South Africa. 7 of these students went on to place in the top 100.
- 8 Durban (Umhlanga) Theatre Club students performed at the Shakespeare Schools Festival SA. The festival runs throughout South Africa, Russia, and India.
- 14 Graphic Design students across 6 campuses and Eduvos Online made it to the finals in the 2025 Gold Pack Awards.
- 5 Mbombela students participated in the Junior South African Blackball Championship.
- 7 students placed third at the G20 South African Tourism Hackathon.
- A Tygervalley student placed third nationally at the 2025 South African Human Resources Universities Forum (SAHRUF) Student Competition.
- Our Faculty of Law hosted several on-campus moot court sessions and students took part in both local and international competitions, including the Christof Heyns African Human Rights Moot Court Competition and the 14th Annual Child Law Moot Court Competition.

Eduvos Career Fairs.

Our Career Fairs give you invaluable opportunities to connect with industry leaders, explore diverse fields, and gain first-hand insights into what it takes to succeed. Featuring experts from leading companies, these events open doors to future possibilities and help you take the next step in your professional journey.

At our Career Fairs, you can:

- Network with professionals and employers
- Learn directly from industry experts
- Explore graduate programmes, internships, and bursary opportunities
- Position yourself as top talent for recruitment

As part of our commitment to employability, Eduvos is a proud member of the South African Graduate Employers Association (SAGEA), a network dedicated to attracting, developing, and retaining graduate talent. This partnership connects you to global best practices, resources, and opportunities to stand out in a competitive job market.

In addition to on-campus events, you can also join the Virtual Graduate Expo/Career Fair, where you can discover and apply for graduate programmes, internships, and bursaries from wherever you are.

Career Fairs are just the beginning. Our goal is to equip you with the knowledge, networks, and confidence to make informed decisions and step boldly into your future career.

> *"Eduvos goes beyond the degree*
> because it sets you up with industry partners. We have career expos where we can meet, talk, and network, and we also have wellness workshops that help us secure jobs and interviews."
> **Jorja Jarvis, Student**

The Golden Key Society.

The Golden Key International Honour Society is the world's largest collegiate honour society for undergraduate and postgraduate students, with connections to over 400 universities worldwide.

Founded on the pillars of academic excellence, leadership, and service, Golden Key recognises the top 15% of students in their class. Membership is by invitation only and gives students access to exclusive opportunities, including scholarships, international travel, and study-abroad programmes.

Eduvos is proud to be the first independent private higher education institution in South Africa to receive this prestigious recognition. To date, more than 1,088 Vossies have joined the Eduvos Chapter of Golden Key, unlocking a world of possibilities.

Eduvos Alumni Association.

The Eduvos Alumni Association is dedicated to building a vibrant, engaged community where alumni can stay connected, develop a strong sense of belonging, and learn from one another. Alumni are encouraged to give back by participating in mentorship programmes, networking, community projects, and sharing employment opportunities.

Our goal is to foster long-lasting, meaningful relationships between Eduvos, our management, staff, current students, and alumni, with the purpose of mutual support and service.

Graduates are invited to register on myeduvos.com to become part of the digital home of the Eduvos Alumni Association.

> *"I really believe the Alumni Association is the foundation* that is going to help us come together to build one another up, be it socially, financially, or through connecting one another with job and business opportunities, and really keeping the culture and embracing ourselves as Vossies."

Sustainability and Impact.

We are driving positive change across the continent. Our impact goals align with the United Nations' Sustainable Development Goals (SDGs) and the African Union Agenda 2063. Through education, innovation, and community engagement, we empower future leaders to create meaningful change in Africa and beyond, fostering a more sustainable, inclusive, and prosperous future.

Our key areas of impact include:

Quality Education (SDG 4 & AU Goals 2 and 18)

Eduvos is increasing access to inclusive, equitable, and quality higher education. With over 22,000 students from more than 65 countries, we are equipping Africa's youth with the skills needed to lead the continent toward a bright and successful future.

Gender Equality (SDG 5 & AU Goals 17 and 18)

Eduvos fosters an inclusive environment where our Vossies can thrive. Our policies, programmes, and initiatives actively promote gender equality by eliminating gender-based discrimination and ensuring equal opportunities for all.
We support women and non-binary individuals in male-dominated fields such as STEM.

Decent Work and Economic Growth (SDG 8 & AU Goals 1 and 4)

As South Africa faces a youth unemployment crisis, Eduvos is addressing this challenge through industry-relevant curricula, work-integrated learning, career fairs, and partnerships with leading organisations. We prioritise equipping graduates with future-fit skills for the rapidly evolving job market.

Industry, Innovation, and Infrastructure (SDG 9 & AU Goal 4)

Eduvos is at the forefront of innovation, driving research that supports Africa's sustainable development. Our commitment is reflected in the integration of AI into our curriculum and the establishment of future-facing faculties. By partnering with leading tech companies and industry leaders such as the South African AI Association, students receive hands-on, industry-relevant experiences to ensure they are ready for the real world.

Peace, Justice, and Strong Institutions (SDG 16 & AU Goals 11–13)

By promoting democratic values and civic responsibility, Eduvos prepares students to become ethical leaders, contributing to the development of resilient institutions across Africa.

Partnerships for the Goals (SDG 17 & AU Goal 19)

Eduvos collaborates with local and international partners to enhance our students' educational journey. These partnerships bridge the gap between academia and industry, empowering students to succeed globally.

Recognition of Prior Learning Certification Centre.

We know that real-world experience is just as valuable as classroom learning. Many people are held back in their careers or educational journeys, not because of a lack of ability, but because their skills and knowledge have never been formally recognised.

The Recognition of Prior Learning Certification Centre (RPLCC) changes that. Through a structured process, we validate and certify your real-world skills, knowledge, and experience. This opens new doors for individuals, while giving employers a credible and future-focused way to recognise, grow, and retain talent.

The RPLCC delivers three core services:

- RPL Certification: Certify existing skills and experience against SAQA qualifications
- Work Readiness Programme: Prepare candidates to transition smoothly into the world of work
- RPL Recruitment and Skills Audit: Support employers in making informed hiring and promotion decisions

Discover Our
RPLCC.

Terms and Conditions Apply.

Please note: We have made every effort to ensure the accuracy of the information contained in this brochure at the time of going to print. However, this information is subject to change and alterations may occur, including but not limited to, the programmes, fees, modes of offering, staff, and services described in this brochure. For this reason, it is important that you check the website for the most up-to-date information or contact us using the contact details contained in this document.

We reserve the right at our discretion to amend, withdraw, or add to qualifications, programme delivery and content, services, facilities, or locations of delivery at any time before or after an applicant's admission. We will, however, take reasonable steps to reduce any disruption to enrolled students. In the event of any of the above circumstances occurring, we cannot accept liability for any complaints or claims for costs, losses, or damages made by you.

By enrolling with Eduvos, you acknowledge and agree to abide by all Eduvos Terms & Conditions, including but not limited to, the contract of enrolment and the conditions of enrolment. It is essential that you carefully read, understand, and adhere to these terms and conditions throughout your academic journey with Eduvos. Failure to do so may result in consequences outlined in the aforementioned documents. We encourage all prospective and current students to familiarise themselves with our policies to ensure a successful and harmonious educational experience.
