Maths in Motion: Building Future Scientists

The Faculty of Science, Engineering and Agriculture drives innovative, hands-on learning through initiatives like Maths in Motion at the Vuwani Science Resource Centre. By strengthening mathematics teaching from an early stage, the University of Venda builds a solid foundation for Grade 12 learners aspiring to careers in science, engineering, and agriculture.

One Res, One Garden: Growing Entrepreneurs

Through the One Res, One Garden initiative, the Faculty of Science, Engineering and Agriculture promotes entrepreneurship, sustainability, and innovation among students. This hands-on project highlights agriculture as a dynamic field of study and inspires Grade 12 learners to see how university education can translate into real-world skills, self-sufficiency, and impactful careers.

Breaking Ground in Agriculture: From Local Roots to Global Impact

The Faculty of Science, Engineering and Agriculture continues to shape leaders and innovators in agriculture and science. From award-winning graduates and top national achievers to globally recognised research and leadership, the Faculty proves that dreams nurtured at the University of Venda can grow into world-class success.

Are you in Grade 12? If Yes, then this is where passion meets opportunity and where your journey from the classroom to global impact begins.
